Princt 2015 live

Manfred Seifert, Guenther Wallner and René Schieber

HEIDELBERG

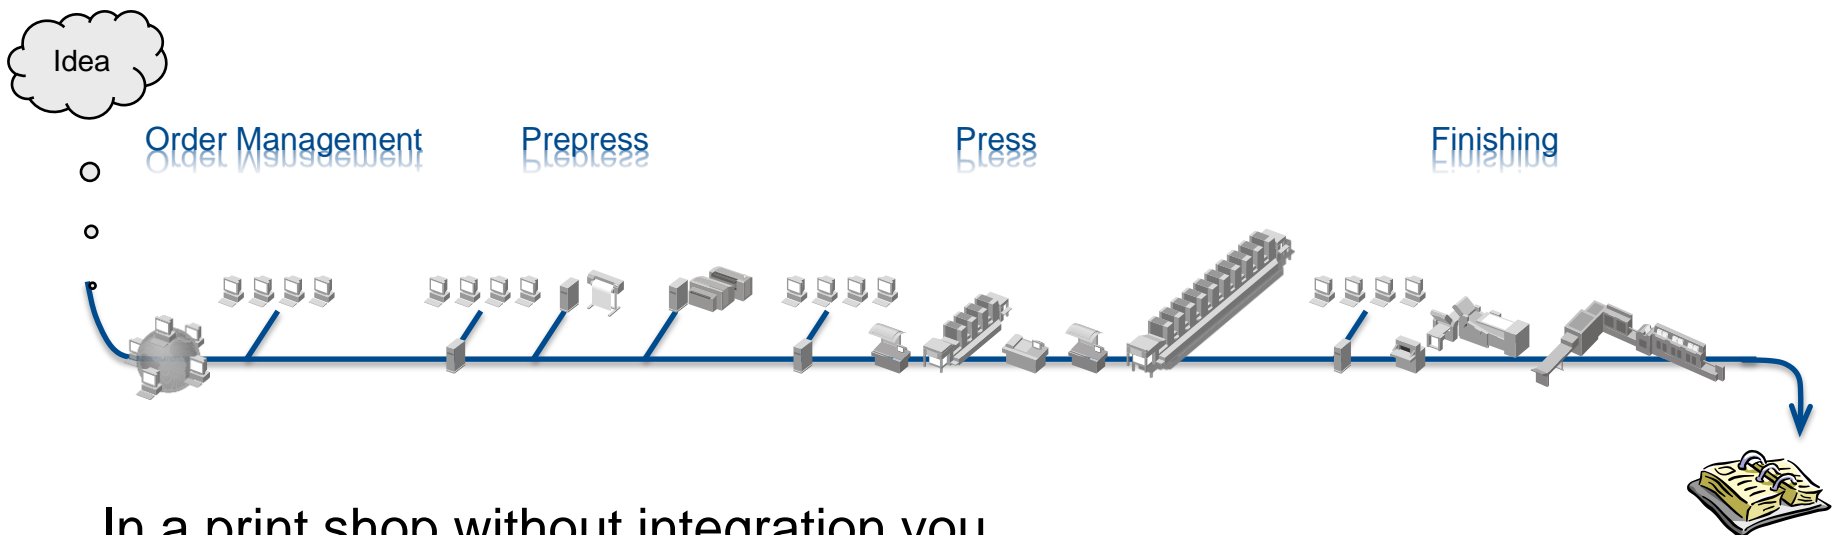

The highest potential for more profitability of printers is to reduce standstill and adjustment times of the printing press.

Source: Produktivitäts-Studie Konzeptkunden, CD-BD

A printed product is made in a long process ...

... traveling through many steps.

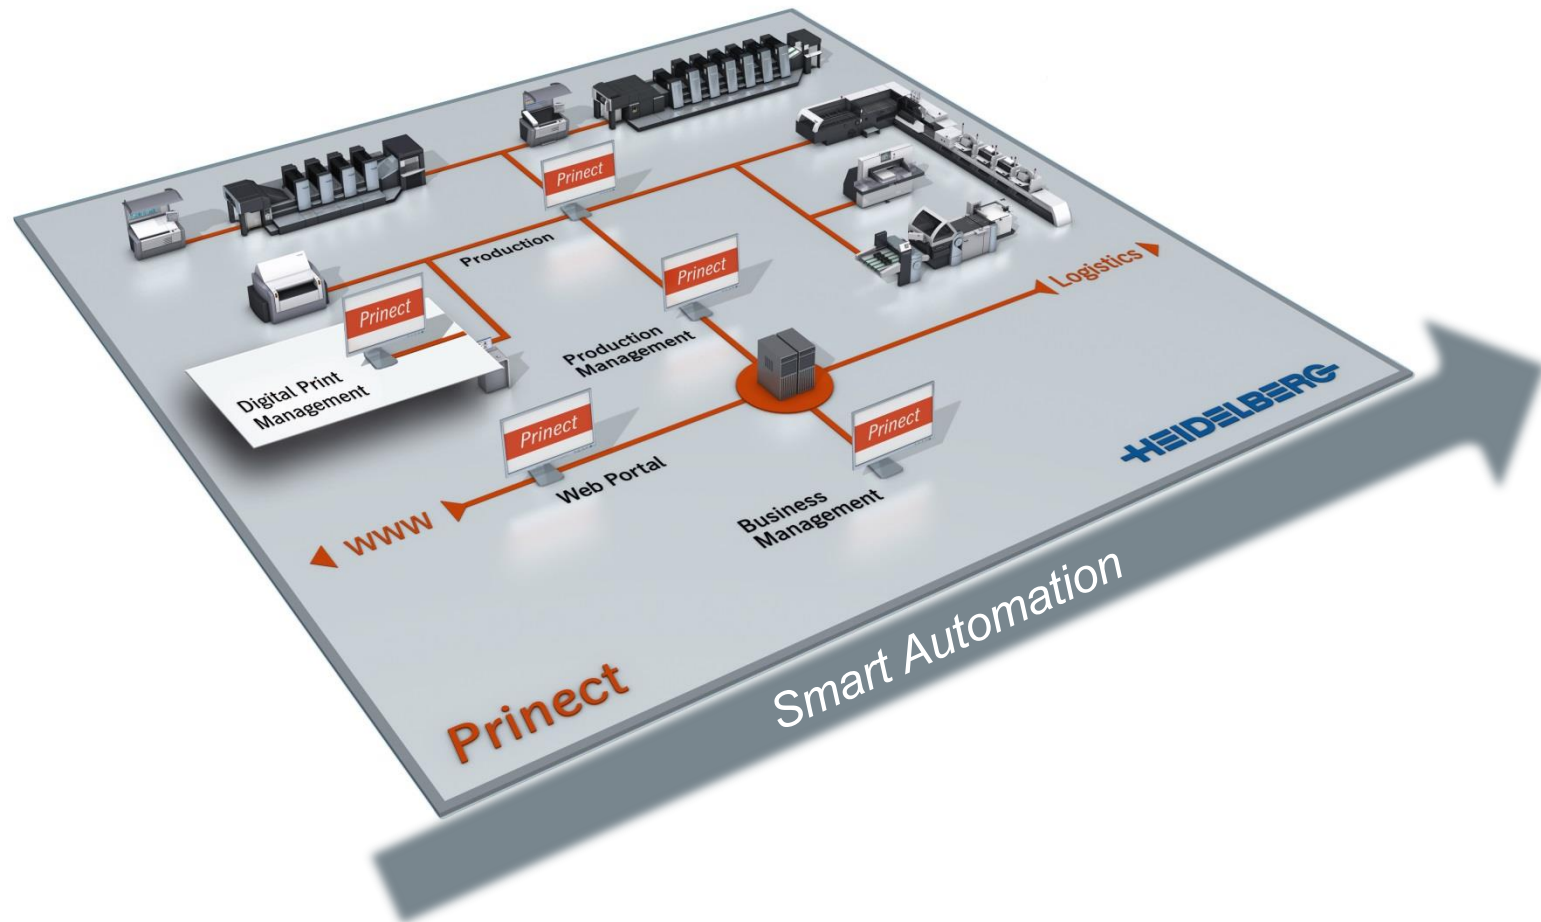

In a print shop without integration you

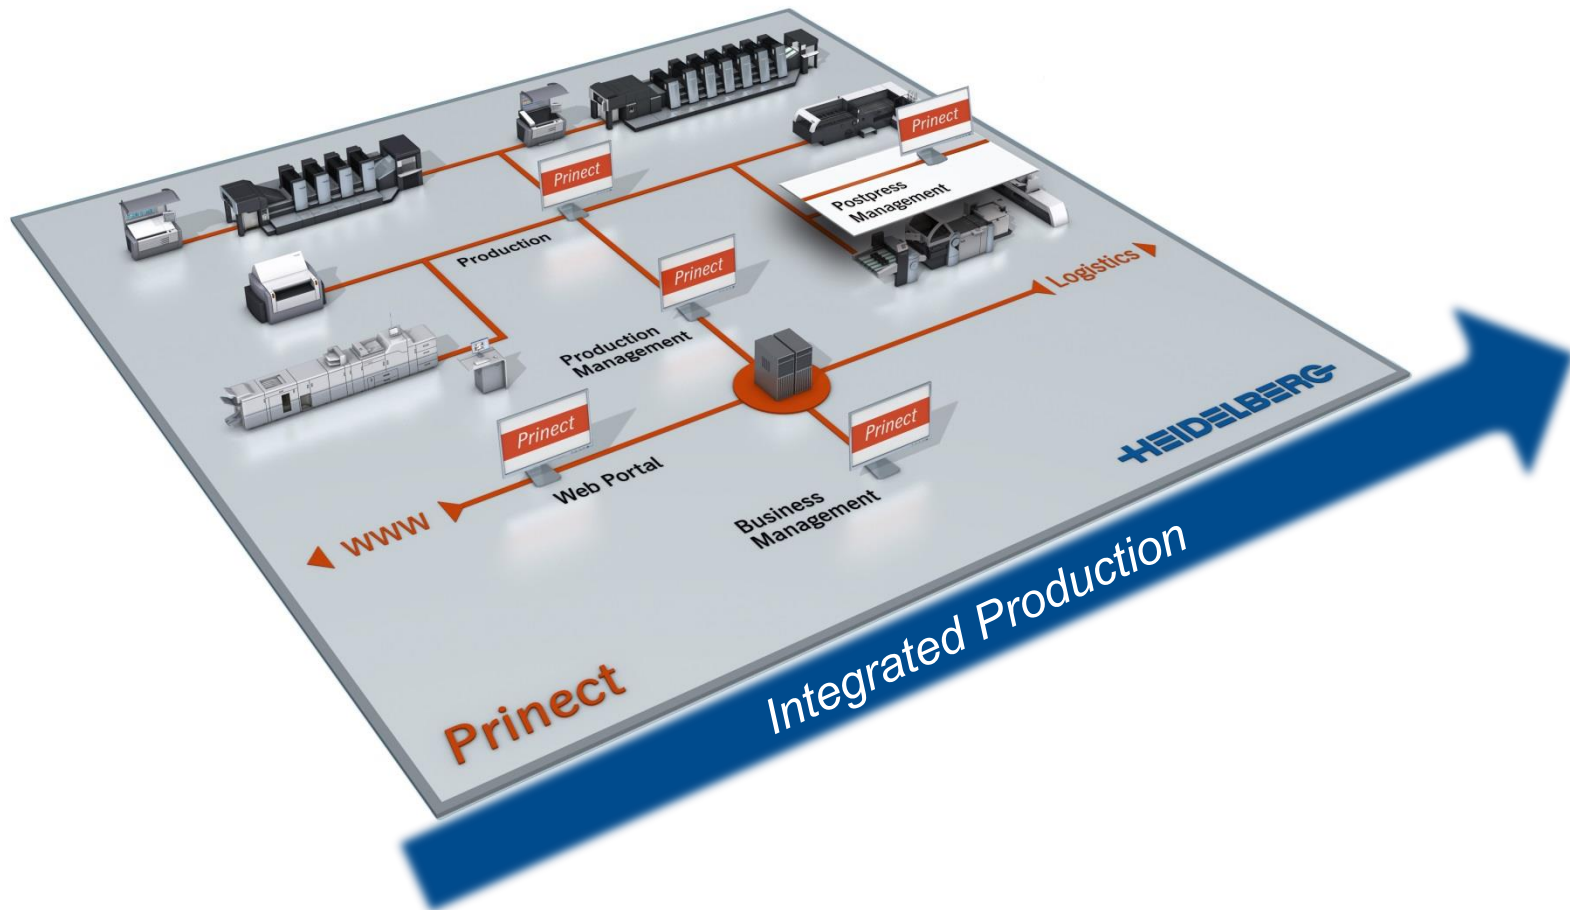

- lose overview over the total workflow,
- have errors due to communication gaps
- lose time.

Prinect Live – Smart Automation

From W2P to digital printing

Prinect Live – Integrated Production MIS and production in tight corporation
